Mike MacDonald

Mike MacDonald is a Market Manager at Vanco Care. His goal is to understand the needs of child care and before and after care programs to help create quality educational content, training, and resources that can help save you time, improve efficiency, and make parents happy. This can help you increase enrollments, keep retention high, and grow your child care program faster.

Kendell Boysen

Kendell Boysen is the Head Software Consultant for Vanco Care and has over 20 years in educational technology. She has focused the last 7 years serving the early learning industry. Her extensive knowledge of center and classroom management platforms will help address your current challenges while introducing you to efficient business processes through automation.

Does Running Your Program Feel Like Moving A Mountain?

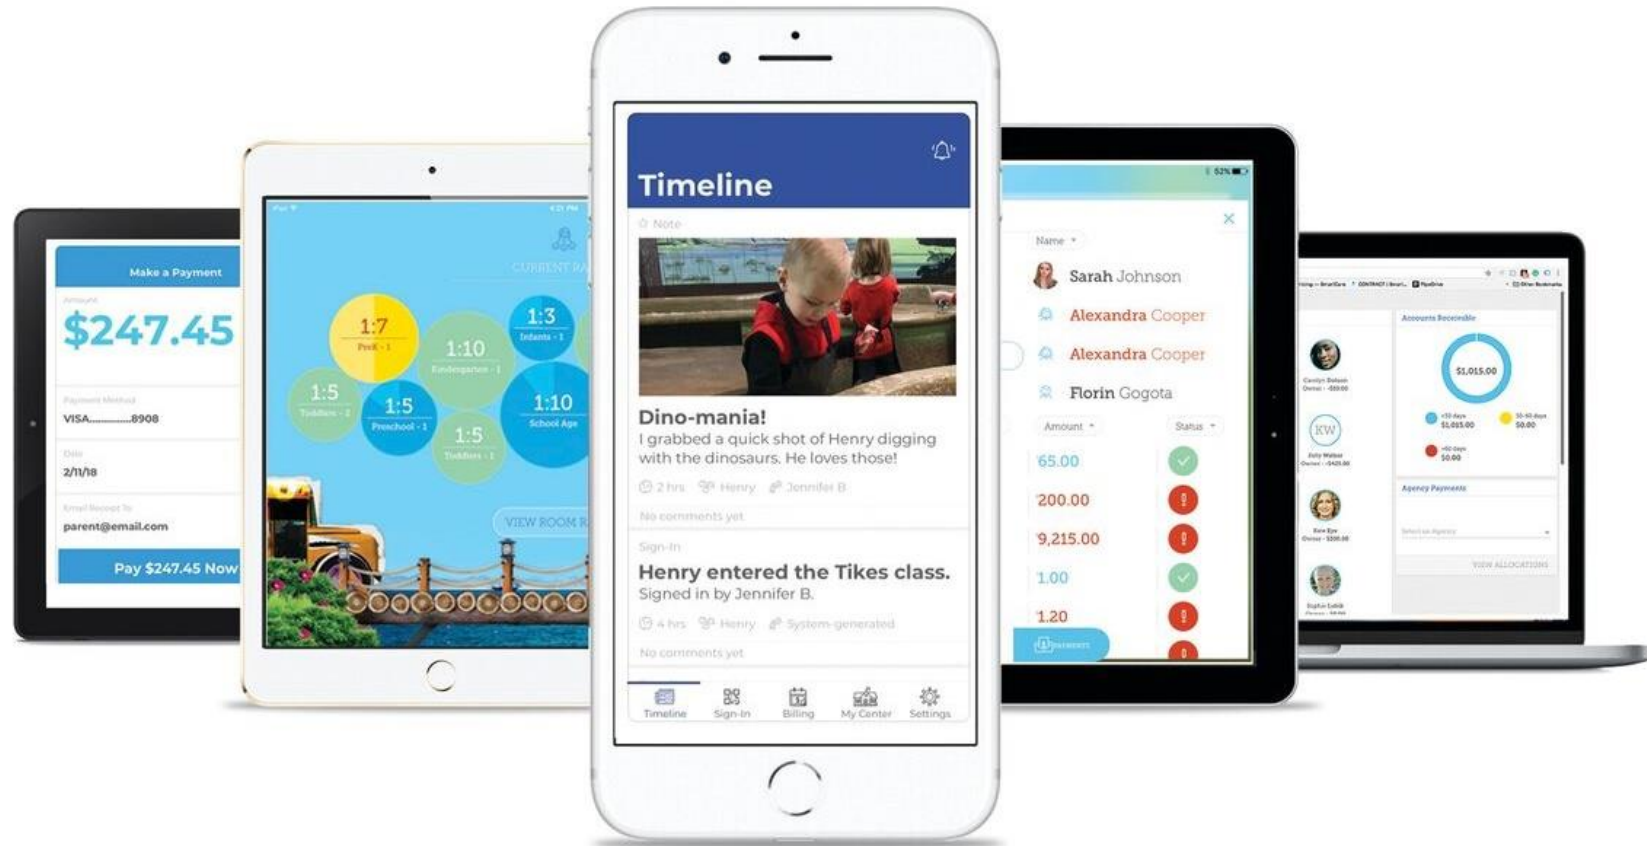

- Frustrated with tax season?
- Chasing payments and billing issues?
- Enrollment challenges?
- Struggling with parent communication?
- Managing too many systems?
- Struggling with tools that just don't fit your program?

Assess Your Strengths & Needs & Those Of Your Team

- What do you feel like you have under control?
- What gaps exist for you and your team?
- Which of those gaps can your team members currently fill?
- Where do you need help from systems and automation?
- What could you delegate if you had the right tools to boost your team's efficiency?
