VANCO

3 Steps to Make the Most of Your Web Store

Get Trained on the Latest Features

Whether you're brand new or a pro — or even if you're just looking for the right training for your staff — we'll help you identify opportunities for improvement and where to get the help you need. Your account manager can help you find the resources your team needs to be successful or you can explore trainings here.

Access Templates and Resources

Not seeing the parent engagement you were hoping for? Or maybe you're just looking for some quick pre-written emails to share with families. Get in touch with your account manager to learn more or see our Resource Center. Whatever the case may be, chances are we have something that will help.

Plan Ahead & Stick To It

Are you hoping to bring more fees online this year? Want to see greater staff and family adoption of your Web Store? Whatever your goals are, we'll help you assess where you are now, where other districts have seen success and what actionable steps you can take to begin optimizing your Web Store, time and resources. Schedule your Web Store Review today to plan your Web Store road map.

Vanco is here to help you and your district and families with these three steps and more.

VANCO

5 Vanco Tools Our Clients Love

1) Effortless Fee Assignment

Schools and districts that use our RevTrak Web Store can assign fees to specific students or groups of students. This feature is simple to add and is available right from the RevTrak portal.

2) Easily Accept Meal Payments

Let families make meal account payments from anywhere, at any time! Vanco is compatible with a variety of cafeteria management software, or you can use Vanco Food for cafeteria management.

3) Simplify Before and After Care Management

Vanco Care makes before and after care program management easy. Save time, empower staff and delight the families that depend on you.

4) Sell Event Tickets Online

Our event software is made for schools. You can easily create events in minutes to start selling tickets online for any school event.

5) Link Your Web Store with Your SIS

Enjoy top-notch integrations with Skyward, PowerSchool and more! Plus, connect with your accounting and nutrition software.
